

# A leaf out of our book

**What's going on at the Southeast Steuben County Library Vol. 1 Issue 10**

## Save your checkout history

Do you remember what you checked out last year? Do you need to find that title so you can read it again? No problem. You now have the option to save your checkout history for your personal use.

To begin saving your check out history, log into your library account using your library card number and pin. Go to "my account" and click the "personal information" tab, then click the "preferences" tab and check the box "show my checkout history." This will allow you to save your check out history.

To view your checkout history after you've begun to save it, log into your library account using your library card number and pin. Go to "my account" and under the "checkouts" tab scroll to the bottom and you will see, "my checkout history." Click this tab to view your checkout history.

It is important to note that the library does not keep records of your checkouts after the items have been returned. Library staff do not have access to your history should you choose to begin saving it for your personal use. You are the only person who can choose to save and access your history.
